

CAREGIVER ROUNDTABLE

5/6/2025 • 7:30PM Central on Zoom

PREPARING YOUR FAMILY FOR FUTURE CARE TRANSITIONS **Drafting a "Letter of Intent"**

Each quarter we discuss a hot topic for all generations of families providing or coordinating care for a loved one impacted by disability. Our theme this spring is Drafting a "Letter of Intent." Caregiving families benefit from preparing for the possibility of care transitions and starting early can be tremendously peace giving, even if you don't fully have all your "ducks in a row" yet. Join us for a brief presentation followed by a collaborative exchange of ideas and perspectives among stakeholders with our caregiving families.
